***Election/Restrictions***

1. Inventions of claims 13-14 and claims 1-12 are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product could be formed free hand or using a mechanical winder rather than the specified mandrel, or the spacer and bulkhead disks can be preformed as a unit to eliminate the need for a separate mandrel.
2. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
3. During a telephone conversation with Mr. Wayne O. Hadland on August 23, 2004 a provisional election was made without traverse to prosecute the invention of a Support Fixture for Food Plate and Beverage Container, claims 1-12. Affirmation of this election must be made by applicant in replying to this Office action. Claims 13-14 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

**EXAMINER'S AMENDMENT**

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Wayne O. Hadland on September 1, 2004.

5. The application has been amended as follows:

Page 14, Line 1, after "stock item." - - SF CF having size "A" flute and made of kraft paperboard within the range of 50 to 100 pound basis weight (pounds per thousand square feet) for both the facing and the corrugated medium would be suitable. - - has been added.
